Hi Scott, I can assemble my team (remotely) for a meeting in the next couple weeks to hear about a prospective project. Let me know days/general times that might work for your folks. Thanks, David

David,
As Aera Energy, LLC begins to explore carbon capture and sequestration projects in California, we wanted to discuss our prospective project with the right people at U.S. EPA Region 9 and identify the best individuals to connect with going forward.
Who in your organization would that be and how would we best go about connecting with them?
Thank you,
Scott
